Last year you helped make the [Future of Diversity & Inclusion in the Contingent Workforce](#) special report a huge success for moving the contingent workforce forward. Thank you to all of you who participated. It created a tremendous impact in our industry.

[HireTalent](#) and [Consciously Unbiased](#) are proud to partner again with SIA to continue this important research and better understand the best practices and future direction of diversity and inclusion efforts in contingent workforce programs.

As an industry leader, we would be honored to get your input to help further advance D&I for all workers. Please make your voice heard: Participate in a brief, confidential survey by clicking the button below. You need only fill out the questions you feel comfortable answering. All participants in the survey will receive a copy of the final report, including a brief “playbook” to accelerate your own organization’s diversity and inclusion practices. Together with your help, we will be able to collect vital information to map out where we need to go next. Thank you in advance for your participation.
